Christmas Decorations in Olde Mill 2017

We want to thank the residents of Olde Mill for all their hard work
And imagination decorating their homes for this magical season. As we
Surveyed all of the homes this year it became apparent that it would
Be very hard to choose a “winner”.

We picked out a couple of homes with some unusual decorations, instead

And hope you enjoy them.

Lethbridge Ct. and Lethbridge Rd., Mali Ct., Old Mill Rd. Gartleman Farm Dr. and

Kenora Woods Ct. all had almost 100% participation.

Airport Noise Committee/BWI Noise Coalition

December 31, 2017

The Airport Noise Committee for the Greater Severna Park Council and the BWI Noise Coalition has learned that last November, the FAA filed a statement in the Federal Register, seeking comments from the general public about a proposal for FAA to create a new 'Noise Portal'. This would enable the FAA to receive noise complaints directly instead of piecing the information together from multiple sources.

Neither the FAA or MAA made that information easily available to the public. As a result, we are now running out of time. **The comment period ends in two days. (01/02/2018)**

This article on the Aviation Impact Reform site brought the "Noise Portal" to our attention. <http://aireform.com/faas-noise-portal-a-good-idea-or-a-way-to-shut-down-noise-complaints/>

Please fill out a formal comment to the FAA on the Federal Register site at this link. Let them know if you agree with the FAA's intention to request the Office of Management and Budget's (OMB) approval for a voluntary information collection.

<https://www.federalregister.gov/documents/2017/11/02/2017-23890/agency-information-collection-activities-requests-for-comments-clearance-of-a-new-information>

You can comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Thank you for your participation. Together we can be louder than BWI.
