Residents of Olde Mill

I have included the budgets for both the Swim club and the Community so that you can see how your money is Spent. (Next 2 pages) As you can see, it takes a lot of money to pay for Just the basics of our community's needs. We encourage you To pay your dues so that we can Continue to enjoy a community that is free from mandatory Home Owner Association Dues. It isn't fair that 60 paying Members carry the whole community when there are 1500 residents who Live here. If everyone participated and paid their **YEARLY** dues, we would Be able to do some needed renovations to the swim club Bath house, snack bar, and grounds.

PLEASE HELP KEEP OLDE MILL A GREAT PLACE
TO LIVE AND PLAY

*Remember to send in your **Yearly** Dues of **only \$20** for 2018.*

You can send a check, Use PayPal or come to a Meeting the first Wednesday of each month.

For your convenience,

*A form is provided on the **last page** of this Newsletter*

Thank You!

Office of County Executive

MEMORANDUM

TO: Homeowner Groups and Community Advocates

FROM: Steve Schuh 

DATE: January 26, 2018

I wanted to inform homeowners groups and community advocates of new County legislation that strengthen our efforts to implement the principles of smart growth and preserve our rural land by directing development into areas with adequate infrastructure.

Right now, our team at the Office of Planning and Zoning is engaging the public through listening sessions to assist in developing the 2019 General Development Plan. This document will map out land use in our County for the next decade.

As we undertake this process, we hear frequently from citizens who are grappling with changing communities and increased congestion. We hear their concerns and are committed to addressing them. The next five years will be crucial as we look to preserve our citizens' quality of life through a balance of measured, responsible development and land preservation.

That is why I was so excited this week to sign Bill 92-17, which will limit development for communities in school clusters if a school is at 95 percent capacity or above. Prior to this legislation, residential development was already closed in the following school feeder systems and clusters: Annapolis, Arundel, North County, Old Mill, and South River High schools due to schools being at capacity.

As a result of Bill 92-17, the Northeast High School feeder will be closed to residential development, ensuring the Pasadena area will join these other areas in obtaining needed relief from residential development. In addition, families who send their children to Oak Hill Elementary School in the Severna Park feeder will also enjoy the same relief.

This legislation will help provide a much needed pause as we work to draft the General Development Plan for our County, and I look forward to working with every citizen as we work to reduce congestion and preserve our quality of life.

What is ANNE ARUNDEL UNITED?

On September 12th of last year, County Executive Steve Schuh unveiled **ANNE ARUNDEL UNITED**, a proactive community initiative to unite the County against hatred and build greater understanding.

ANNE ARUNDEL UNITED is a community outreach campaign overseen by the Minority Outreach Division leader Derek Matthews, to engage every citizen and community in the fight against hatred through:

- A community ambassador program charged with addressing incidents of racial controversy and bringing communities together to better understand each other's viewpoints.
- Educational materials that will be made available to every educational institution and community organization in the County.

and a social media campaign encouraging engagement, building better community interaction, and celebrating diversity.
