

# Olde Mill Village Crier

**Volume 2  
Number 58  
March 2018  
Mtg. 1st Wed.  
Of Each Month**

Board@vomca.org —Email  
VOMCA 490 Chalet Dr.  
Millersville, Md. 21108  
Meeting : Wed. March 7, 2018  
@7PM Old Mill High School

## *President's Message:*

Happy Saint Patrick's Day:

Despite the crazy weather we have had, Spring is just around the corner. With that in mind, we have quite a few events coming up. Saturday March 24<sup>th</sup> is the annual Easter Egg Hunt and Barlowe Bolt. Candy donations and volunteers are needed for these events. Candy should be the size that will fit into a standard size plastic egg and be individually wrapped. Please contact Lianne at 410-279-3636 if you are able to volunteer.

Swim Club membership packets will be coming out around the end of March. We also have Pool and VOMCA memberships available for purchase throughout the year. Please call 410-987-7890 and leave a message regarding swim club questions. VOMCA dues are \$20.00/ yr. Come on out and support our community!

**We will no longer be using a PO Box for VOMCA. All mail and correspondence will now go to 490 Chalet Dr, Millersville MD 21108.**

**NEW COMMUNITY

## Mosquito Control Section

Season 2018

Dear Community Association Officer or Representative:

Your community has requested to participate in the adult mosquito surveillance and control program offered by the Maryland Department of Agriculture, Mosquito Control Section. This letter contains the enrollment form and important program information for the 2018 season. If you are no longer the representative for your community, please forward this to the appropriated individual or contact us immediately.

Applications must be postmarked by April 6, 2018. We will not add new communities to our program after this date. Forms received after the deadline will be retained and your community will have the opportunity enroll in our program the following year.

Please be advised that this application is for adult mosquito control service only, an application is not necessary for larval control, inspections and complaint investigations.

Program information can be found on the enclosed sheet entitled **Standard Mosquito Control Operating Procedures**. More specific information including an assigned spray night of the week will be forwarded after applications have been returned. It is the responsibility of the city/town or community association to make available to all residents information regarding mosquito control activities, policies and spray schedules. A record of the method of notification must be maintained for a year and made available immediately upon request by the Department. In order to keep our records up to date, please include a new map if there are any changes to your community's requested spray areas. See the attached directions for details on how to create an effective map.

Residents who wish their properties to be excluded from adult mosquito control services must notify the Maryland Department of Agriculture and the community association by submitting a completed exemption form. The Department's policy on objection to adult mosquito control services and the exemption form are enclosed and are available on our website at:

[mda.maryland.gov/plants-pests/Documents/NewExemption%202016-1.pdf](http://mda.maryland.gov/plants-pests/Documents/NewExemption%202016-1.pdf)

Please note that ULV spray treatment of adult tiger mosquitoes is most effective when conducted in conjunction with community cleanup efforts. The effective way to control mosquitoes in your neighborhood is at the community level. We encourage home owners and communities to be proactive in their efforts to control mosquitoes by becoming aware of backyard breeding sites.

Due to the number of participating communities, e-mail is the suggested method of contact; however e-mail access is not required. If you have any further questions or concerns, or would like us to meet with you and your community members, please feel free to call or e-mail me. For additional information on mosquitoes, mosquito-borne diseases, insecticides, and tips to reduce mosquito breeding areas in your yard please visit our website:

[http://mda.maryland.gov/plants-pests/Pages/mosquito\\_control.aspx](http://mda.maryland.gov/plants-pests/Pages/mosquito_control.aspx)

I look forward to working with you and the members of your community association this season.

Sincerely,  
Anthony J. DeWitt

**STANDARD MOSQUITO CONTROL OPERATING PROCEDURES – 2018**

**OPERATING PROCEDURES FOR SPRAYING OF ADULTICIDES (Treatment for adult mosquitoes):**

- **Regular Surveillance and Control of Adult Mosquitoes: May 30 – October 2**  
**Sunday-Thursday (A night of the week will be assigned to your community)**  
**Anytime between 7:00p.m. - 2:30 a.m.**
- Spraying for adult mosquitoes will be done only if a Maryland Department of Agriculture Employee determines it is necessary.
  - Spraying will not be conducted during rain, in wind speeds exceeding 12 MPH, or temperatures above 89°F.
  - **Thresholds for Ground Based ULV Treatments:**
    - Landing Counts: 3 mosquitoes in a 2 minute count
    - Light Trap Collections: 12 female mosquitoes in an unbaited light trap  
24 female mosquitoes in a baited light trap
    - Conditions that threaten public health, such as mosquito borne disease
- | <b>Adulticide</b>   | <b>Formulation and application rate</b>                         |
|---|---|
| <b>Permethrin 30-50:</b><br>Permethrin mixed with Piperonyl Butoxide<br>and Mineral Oil | <b>Liquid</b><br>0.0031 lbs/acre (Ultra Low Volume application) |

**OPERATING PROCEDURES FOR USE OF LARVICIDES (Treatment for mosquito larvae):**

- **County-wide Surveillance and Control of Larval Mosquitoes: April - October**  
**Monday – Friday, 8:30 AM -4:00 PM**
- **LARVICIDES TO BE USED (This list is subject to additions or other revisions):**

<b>Larvicide</b>	<b>Formulations</b>
<b>Bacterial Larvicides:</b>	
<b>VectoBac and Aquabac:</b> <i>Bacillus thuringiensis var. israelensis</i>	<b>Liquid, Granular</b>
<b>SpheroBac:</b> <i>Bacillus sphaericus</i>	<b>Granular</b>
<b>Insect growth regulator:</b> <b>Altoicid (Methoprene)</b>	<b>Liquid, Briquet, or Pellets</b>

- The Mosquito Control Program does not spray for Midges that swarm on homes, boats, trees and shrubs along many Anne Arundel County creeks and rivers. These non-biting insects develop in mud bottoms of slow moving water ways of low dissolved oxygen and will decline in numbers within a few weeks after they first appear.
